7) These buses are proving very costly to us. I am getting separates for the information of Govt. a report re their performances.

I do not see the need for a mechanic without a workshop.

All petty repairs drivers can do & for major repairs there are private workshops in Chickmagalur which can attend to them.

I therefore consider that it is unnecessary to make this appt.

GOVERNMENT OF MYSORE.

No.TRC.3105/45-46. Office of the Director of Food Supplies,
Encl. One. in Mysore, Bangalore, Dated the 30th January '46.

To

The Secretary
to the Government of Mysore,
Development Department,
(Food Supplies), BANGALORE.

Sir,

In enclosing a copy of letter No.F2-83/44-45, dated 20th December 1945, from the Deputy Commissioner, Kadur District, explaining the need for the immediate appointment of a separate subordinate Officer trained in motor mechanics, to look after the proper movement and maintenance of the lorries working in Kadur District, for food transport, I have the honour to state that in view of the low yield of crops in Kadur District and the consequent urgent need to have a regulated programme of movement of foodgrains in order to avoid hardships to the public, I have in anticipation of sanction of Government permitted the Deputy Commissioner, Kadur District, to appoint an Officer on a pay of Rs. 60/- per month for the above work, temporarily for a period of six months.

2. I request that in the above circumstances, the action taken by me may kindly be approved and early sanction of Government obtained for the appointment made.

Early order of Government are solicited.

I have the honour to be,
Sir,
Your most obedient servant,

30/1/46.

Director of Food Supplies.

Letter No.F2-83/44-45, dated 20th December 1945, from the Deputy Commissioner, Kadur District, to the Director of Food Supplies, in Mysore, Bangalore.

Re:- Management of Government lorries for food transport.

I have the honour to state that in addition to the three lorries that are allotted to this District for food transport work, some more lorries are likely to be allotted.

Due to the bad seasonal conditions and the low yield during this harvest, this District is very heavily deficit in millets and rice. Consequently greater movement of grains under the close supervision of an efficient and wholetime subordinate is absolutely necessary. It would be better if this subordinate has a technical knowledge of the vehicles, so that, he may exercise supervision over conditions of the lorries and take timely action to set right the defects so as not to upset the movement programme. This subordinate may work under the Deputy Commissioner and take orders on technical matters from the Transport Officer, Motor Vehicles, Food Supplies Department, Bangalore City.

Under the circumstances, I request you kindly to communicate approval to the immediate appointment of a person who is a trained motor mechanic on a minimum pay of at least Rs.60/- per mensem for this District to work under orders of the undersigned. The Officer will also regulate the movement of private lorries engaged for Government work.

Separate proposal will be sent up after gaining experience for any ministerial staff that may be needed to look to correspondence

Early sanction is requested.

"COPY"

Costs will be handled by the District Office.

For Director of Food Supplies.
